**SOUTH MOUNTAINS STATE PARK**

**EQUESTRIAN TRAIL LOOPS**

Welcome to South Mountains State Park, a nature preserve of over 19,000 acres. The park has 33 miles of equestrian trails to ride and enjoy. High Shoals Falls and Chestnut Knob Overlook are a short walk from the trail. Hitching rails are provided to tie horses. Most of the trails are roads that have been graveled in some sections. The trails are moderate to difficult and they connect in loops that vary in length. Riders will be more comfortable on conditioned horses that can traverse ridgeline trails that climb and descend mountainous terrain. All of these loops start in the Equestrian day parking lot.
